REACH (EC) No. 1907/2006 and attachment XVII

As a "downstream user", we will ensure compliance with all the requirements which affect us in respect both of the REACH regulation and the resulting security with regard to delivery.

Since October 2008, the European Chemicals Agency has published a Candidate List of Substances of Very High Concern (SVHC).

On 21/01/2025 ECHA adds five hazardous chemical substances to the Candidate List.

On 25/06/2025 ECHA adds three hazardous chemical substances to the Candidate List.

According to current knowledge, our polymers conform to REACH standards and are also listed under REACH. In our own interests, and to ensure product safety, we track the implementation of REACH.

The REACH 251 SVHC update expands the Candidate List under the European Union's REACH Regulation (EC) No. 1907/2006.
